The Poppies Legacy and the Launch of Itzhome: The Future in Home

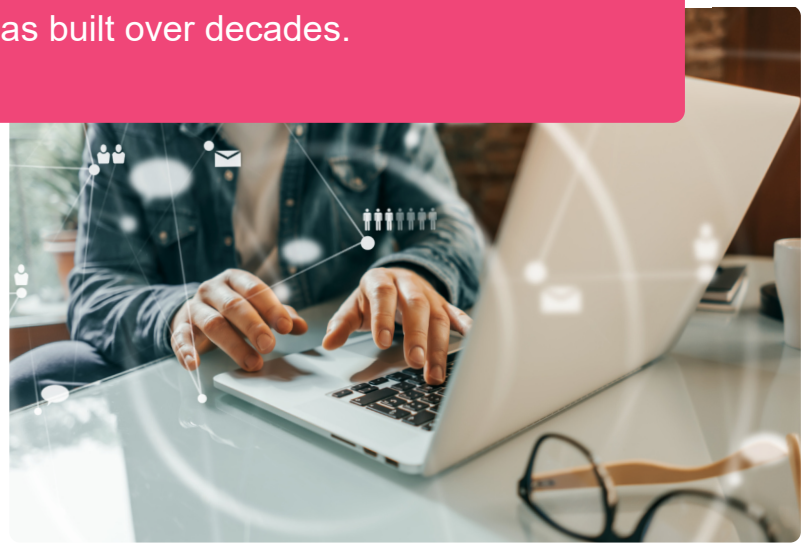

Poppies has built a legacy of excellence in domestic services, founded by Susan Rorstad in the 1980s. Sue's unwavering dedication and innovative spirit propelled Poppies to incredible success in the 90s, earning her an MBE for her services to domestic care in 1994. Sadly, Sue is no longer with us, but her vision lives on, embodied in Poppies, now run by Chris Wootton (who started life as a Poppies franchisee), who has taken the brand to new heights.

But the future of home services is here, and it's called Itzhome.

It's now 2025 and we're proud to introduce Itzhome, a cutting-edge, on-demand home service platform that revolutionises the way people manage their domestic needs.

As life becomes faster and more demanding, Itzhome offers the convenience and flexibility customers crave, allowing them to book high-quality home services at the touch of a button—whenever they need them. From cleaning and repairs to home maintenance and more, Itzhome is the future of home services, and we're inviting you to be part of it.

This is a unique opportunity. The Poppies name, synonymous with trust and reliability, is now evolving into something even more dynamic. With Itzhome, franchisees can tap into an entirely new wave of customers who want quality services delivered on their schedule at the incredible speed of right now. It's a tech-driven solution for the modern homeowner, offering the perfect blend of innovation and the reliability that Poppies has built over decades.

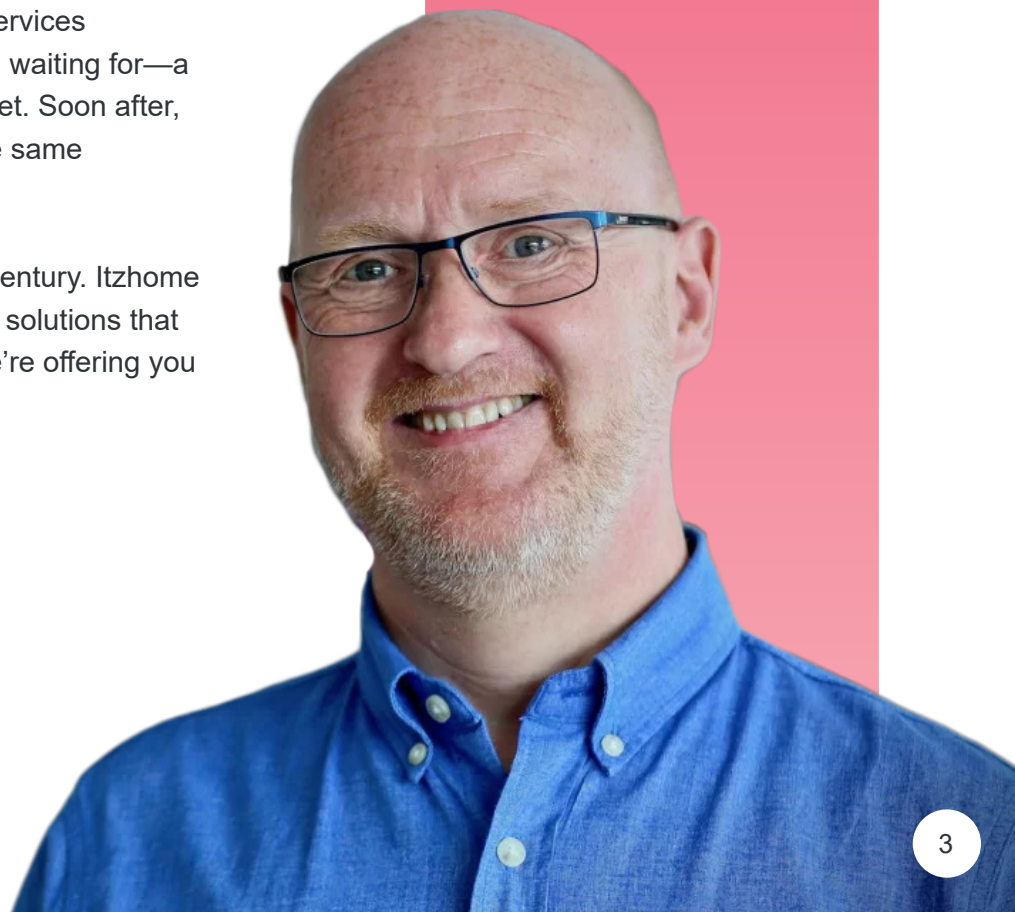

The Poppies Legacy and the Launch of Itzhome: Chris Wootton's Journey

From Engineer to Home Services Pioneer Chris Wootton’s journey is proof that the right opportunity can change everything. Leaving his job as a lead engineer at Jaguar Land Rover, Chris realised that the corporate grind wasn’t for him. He wanted more—he wanted to be his own boss, set his own goals, and build a life on his terms. After starting a computer consultancy, Chris was eventually introduced to Poppies. That moment changed his life.

Sue Rorstad’s inspiring story of turning a simple idea into a thriving home services business lit a spark in Chris. He realised this was the business he had been waiting for—a way to work for himself and offer a much-needed service to a growing market. Soon after, Chris became the proud owner of Poppies, continuing Sue’s legacy with the same dedication and drive that made Poppies a household name.

Now, with the launch of Itzhome, Chris is bringing this legacy into the 21st century. Itzhome isn’t just a cleaning service—it’s a fully integrated platform for home service solutions that meets the demands of today’s consumers. As Itzhome is gathering pace we’re offering you the chance to join this exciting new and exciting opportunity.
